# 2017 Tax Calendar

A summary of the main regular tax obligations arising for companies and individuals

## **PwC**

Due to its general nature, this publication does not cover all existing obligations, it does not waive the need to consult tax legislation and regulations, nor to seek professional advice whenever necessary.

The dates referred are those that result from the tax law and may require to be adjusted based on the interpretation of the legal provision regarding term counting. Therefore, PwC recommends to confirm the deadline for the compliance.

Some deadlines refer to obligations that may not be complied with electronically. Therefore, PwC recommends that it is confirmed before the relevant services which are the exact deadline in the specific case.
